SUMMARY

I am a fresher. I am a fan of technology and programming. I am also interested in music and fitness. I am currently looking for an opportunity to prove myself. I am a very dedicated person to my responsibilities. Eager to learn new technologies and methodologies.

EDUCATION

Bhagwan Parshuram Institute of Technology   2016 – 2020

Computer Science
CGPA/Aggregate: **73.79**

Rajkiya Pratibha Vikas Vidalaya   2015 – 2016

12th
CGPA/Aggregate: **88.6**

RPVV   2013 – 2014

10th
CGPA/Aggregate: **95**

TECHNICAL SKILLS

CSS, HTML, Django, Python, SQL, OOP, Data Structure, C++, Core Java

EXPERIENCE

Coding Ninjas   May 2018 – July 2018
Trainee

I have done two-month training from coding ninjas in data structure and algorithm. I have done this course in core Java. Initially, I was not able to code confidently but after completing this course. I gained a lot of confidence. Now I code very confidently. I have solved many questions during my training and after that. They improve my technical thinking means they told me how to approach a problem. I have solved many questions on hacker rank and API glider. I have attempted challenges on hacker earth.

PROJECTS

Burger Builder   2 month

It is a burger selling application in which you can customize your burger according to your need after that you can place your order. The customization is done via ingredients like in how much amount of a particular ingredient you want to add. It is a very basic and simple project. I have used ReactJs, CSS, and Firebase for the backend.

CERTIFICATION

Java Foundation With Data Structures by Coding Ninjas
